### Mini MK Cows

**Mk is renowned for it's concrete cows and now the Saints Scout group in Bletchley are celebrating 100 years of Scouting and the 40th birthday of Milton Keynes by making 100 mini concrete cows that you can become the proud owner of!**

The mini concrete cows are approximately 25cm long, weigh about 3.5Kg and will soon be seen in gardens across Milton Keynes and beyond. Their original cousins are life size and permanently displayed in a grassy field in Bancroft in Milton Keynes. These cute cows are limited edition and Emma & Wes managed to get their hands on number one to giveaway on air!

Send to a friend

The remaining 99 cows go on general sale on 1 October at [www.mkcows.com](http://www.mkcows.com) at prices starting from £10 each. All the profits will go to The Saints Scout Group in Bletchley, Milton Keynes.
